Re: Shared Governance

On December 4<sup>th</sup>, 2015, the Faculty Senate and Union of Students approved the following motions regarding shared governance:

**Motion:** The Faculty Senate and USUAA Student Government endorse shared governance as crucial to the effective running of the university. Shared governance provides for maximum participation by university community members and provides transparency in decision-making.

**Motion:** The Faculty Senate and USUAA Student Government support the inclusion of faculty and students on governance groups, task forces, boards, and committees charged with evaluating and making recommendations on policy.

Please let me know if I can be of further assistance.
